STUDENTS AGAINST VIOLENCE EVERYWHERE (SAVE) AND ALLSTATE FOUNDATION FOSTER TEEN SAFE DRIVING IN CALIFORNIA **Crawford & Serra High Schools (San Diego) Participate**

RALEIGH, N.C., (September 29, 2010) —Students Against Violence Everywhere (SAVE) is receiving a \$100,000 grant from The Allstate Foundation to assist SAVE chapters in California to increase youth safety and promote teen safe driving. The grant will support SAVE programming in schools and community agencies, specifically teen safe driving awareness campaigns will be conducted throughout the year.

SAVE will utilize Allstate's nationally successful X The TXT events to increase awareness among teens of the risks involved with cell phone use and teen driving. Key times for these student awareness campaigns include back-to-school periods, holidays, Teen Safe Driving Month in May, prom season, and graduation.

Two local schools will receive mini-grants to conduct activities:

Crawford High School has a new SAVE Chapter this year. Their theme for SAVE will be "Making Healthy Choices." Activities planned will encompass the Making Healthy Choices theme involving texting/talking while driving, drugs and alcohol abuse, and lifestyle choices regarding relationships. Plans are also underway for a mid to end of year Teen Safe Driving Rally.

This is the second year the **Serra High School** SAVE/SAY San Diego Chapter is participating in the Allstate Safe Teen Driving grant. This year the students plan to build and strengthen leadership skills throughout the year while recognizing various cultures on campus through assemblies, videos and presentations. A safe driving rally is planned for the spring and will include guest speakers, props and activities. The goal of this event is to make students aware of the effects and consequences of driving distracted and being cautious about the roadway and taking risks.

With support from Allstate exclusive agents and volunteers, SAVE will demonstrate its chapter leadership in schools and communities by ensuring that students are encouraged to participate and engage in these educational activities enhancing teen safe driving and youth safety. There are 89 SAVE Chapters throughout California.

SAVE is a peer-to-peer organization that focuses on the power of positive peer influences. According to a recent Allstate Foundation survey, *Shifting Teen Attitudes: The State of Teen Driving 2009*, peers are a major influence on teens – both positive and negative. Some of the concerning statistics that SAVE chapters will address include:

- Eighty-two percent of teens reported using cell phones while driving.
- Nearly half (48 percent) of girls admit they are likely to speed more than 10 mph over the limit, versus 36 percent of boys.
- Seventy-seven percent of teens admit they have felt unsafe with another teen's driving.

"This generous grant from The Allstate Foundation will assist students in finding real solutions to the issues of teen safe driving that they face each day," stated SAVE's executive director, Carleen Wray.

"By empowering teens to become smart driving activists in their schools and communities, we hope to reverse the staggering statistics," said Bill Mellander, Allstate Corporate Relations Manager in California.

“Through The Allstate Foundation, we seek to develop innovative, teen-focused approaches to raise awareness of the issue and, ultimately, to help save lives and reduce injuries.”

Previous assistance from The Allstate Foundation has benefited SAVE schools in North Carolina, South Carolina, New Jersey, Pennsylvania, Indiana, Illinois, Nevada, Michigan, Minnesota, Texas, Oklahoma, Utah, Wisconsin, California, Colorado, and Ohio.

About the National Association of Students Against Violence Everywhere:

SAVE started at West Charlotte High School in Charlotte, N.C. in 1989 following the tragic death of a student who was trying to break up a fight at an off-campus party. Students met first to console each other, then as an organization to promote violence prevention and to work together to prevent future incidents from occurring. SAVE provides education about the effects and consequences of violence and helps provide safe activities for students, parents and communities.
