Rotan High School Plans Teen Safe Driving Activities

Rotan, Texas (April 21, 2011) — Thanks to the Allstate Foundation, Students Against Violence Everywhere (SAVE), Inc. presented a grant to Rotan High School to increase youth safety and promote teen safe driving. Teen safe driving awareness campaigns will be conducted during key times of the year including holidays, National Youth Traffic Safety Month (May), prom, graduation, and back to school.

The Rotan High School SAVE Chapter's plans for teen safe driving activities include inviting the parents of Alex Brown, a former student of Wellman/Union High School who was killed in an automobile crash while texting and driving, to speak at a teen safe driving assembly for the student body. The chapter will also post startling facts on drinking and driving and texting and driving in the hallways throughout their school. The SAVE Chapter advisors at Rotan High School are Katrina Dixon and Tricia Spikes.

With support from Allstate agents and employee volunteers, SAVE chapters will be able to provide leadership in their schools and communities to ensure that all students will be encouraged and empowered with healthy life skills while engaging in educational activities and opportunities to promote teen safe driving and youth safety.

SAVE is a peer-to-peer organization that focuses on the power of positive peer influences. According to a recent Allstate Foundation survey, *Shifting Teen Attitudes: The State of Teen Driving 2009*, peers are a major influence on teens – both positive and negative. Some of the concerning statistics that SAVE chapters will address include:

- Eighty-two percent of teens reported using cell phones while driving.
- Nearly half (48 percent) of girls admit they are likely to speed more than 10 mph over the limit, versus 36 percent of boys.
- Seventy-seven percent of teens admit they have felt unsafe with another teen's driving.

"This generous grant from The Allstate Foundation will assist students in finding real solutions to the issues of teen safe driving that they face each day," stated SAVE's executive director, Carleen Wray.

"By empowering teens to become smart driving activists in their schools and communities, we hope to reverse the staggering statistics," said Joseph P. McCormick, Allstate Sr. Corporate Relations Manager. "Through The Allstate Foundation's partnership with SAVE, we're working to develop innovative, teen focused approaches to raise awareness of the issue and, ultimately, to help save lives and reduce injuries."

Previous assistance from The Allstate Foundation has benefited SAVE schools in North Carolina, South Carolina, New Jersey, Pennsylvania, Indiana, Illinois, Nevada, Michigan, Minnesota, Texas, Oklahoma, Utah, Wisconsin, California, Colorado, Virginia, Washington, South Dakota and Ohio.

About the National Association of Students Against Violence Everywhere:

SAVE started at West Charlotte High School in Charlotte, N.C. in 1989 following the tragic death of a student who was trying to break up a fight at an off-campus party. Students met first to console each other, then as an organization to promote violence prevention and to work together to prevent future incidents from occurring. SAVE provides education about the effects and consequences of violence and helps provide safe activities for students, parents and communities.
