Teen Safe Driving Activities planned at High Schools in San Diego, Long Beach, Santa Teresa and Granada Hills California

San Diego, Long Beach, Santa Teresa and Granada Hills, CA (April 29, 2011) — Thanks to the Allstate Foundation in California, Students Against Violence Everywhere (SAVE), Inc. presented grants to the following high schools:

- **Rosie the Riveter Charter High School - Long Beach, CA**
The new SAVE Chapter at Rosie the Riveter Charter High School plans to provide students with a semester long class on safe driving as an elective. The curriculum will include courses on Introductory and Community Driving, Congested Area Driving, and Interstate Driving. The semester will culminate with a "graduation" from the "SAVE Driving" program. An X the TXT event is also being planned.
- **Granada Hills Charter High School - Granada Hills, CA**
Granada Hills Charter School will use its Allstate sponsorship to increase awareness of traffic safety and teens. Awareness events are being planned during a "Friday Activity" prep rally and brochures and materials will be shared with driver's education classes.
- **Santa Teresa High School - Santa Teresa, CA**
The Santa Teresa SAVE Chapter will host an X the TXT event during May, Teen Safe Driving Awareness month.
- **Patrick Henry High School - San Diego, CA**
This new SAVE Chapter will participate in a safe prom awareness activity. An automobile that has been wrecked due to driving under the influence will be brought onto campus for display. Facts and figures will be displayed around the school. The school plans to use its grant funding to expand this focus with assemblies and other awareness projects throughout the school year.

With support from Allstate agents and employee volunteers, SAVE chapters will be able to provide leadership in their schools and communities to ensure that all students will be encouraged and empowered with healthy life skills while engaging in educational activities and opportunities to promote teen safe driving and youth safety.

SAVE is a peer-to-peer organization that focuses on the power of positive peer influences. According to a recent Allstate Foundation survey, *Shifting Teen Attitudes: The State of Teen*

Driving 2009, peers are a major influence on teens – both positive and negative. Some of the concerning statistics that SAVE chapters will address include:

- Eighty-two percent of teens reported using cell phones while driving.
- Nearly half (48 percent) of girls admit they are likely to speed more than 10 mph over the limit, versus 36 percent of boys.
- Seventy-seven percent of teens admit they have felt unsafe with another teen's driving.

“This generous grant from The Allstate Foundation will assist students in finding real solutions to the issues of teen safe driving that they face each day,” stated SAVE’s executive director, Carleen Wray.

“By empowering teens to become smart driving activists in their schools and communities, we hope to reverse the staggering statistics,” said **Melanie Merrion, Allstate Senior Corporate Relations Manager**. “Through The Allstate Foundation, we seek to develop innovative, teen-focused approaches to raise awareness of the issue and, ultimately, to help save lives and reduce injuries.”

About the National Association of Students Against Violence Everywhere:

SAVE started at West Charlotte High School in Charlotte, N.C. in 1989 following the tragic death of a student who was trying to break up a fight at an off-campus party. Students met first to console each other, then as an organization to promote violence prevention and to work together to prevent future incidents from occurring. SAVE provides education about the effects and consequences of violence and helps provide safe activities for students, parents and communities.
