Sacramento Job Corps Center to Conduct Teen Safe Driving and X the TXT Event the week of May 2, 2011

Sacramento, CA (April 29, 2011) - The Sacramento Job Corps SAVE Chapter in Sacramento, California, will be holding a Teen Safe Driving and X the TXT Event the week of May 2, 2011 at 3100 Meadowview Road. Events planned include a Town Hall meeting and X the TXT pledge signing on Monday, May 2 at 2:30 pm and Wednesday, May 4 from 11:00 am - noon. On Friday, May 6 at 2:30 pm, a speaker from the Office of Traffic Safety will give a presentation to students and staff. The SAVE Chapter is advised by Alison Guernsey.

Thanks to the Allstate Foundation, the National Association of SAVE presented a grant to Sacramento Job Corps earlier this school year to increase youth safety and promote Teen Safe Driving.

With support from Allstate exclusive agents and volunteers, SAVE will demonstrate its chapter leadership in schools and communities by ensuring that students are encouraged to participate and engage in these educational activities enhancing teen safe driving and youth safety.

SAVE is a peer-to-peer organization that focuses on the power of positive peer influences. According to a recent Allstate Foundation survey, *Shifting Teen Attitudes: The State of Teen Driving 2009*, peers are a major influence on teens – both positive and negative. Some of the concerning statistics that SAVE chapters will address include:

- Eighty-two percent of teens reported using cell phones while driving.
- Nearly half (48 percent) of girls admit they are likely to speed more than 10 mph over the limit, versus 36 percent of boys.
- Seventy-seven percent of teens admit they have felt unsafe with another teen's driving.

"This generous grant from The Allstate Foundation will assist students in finding real solutions to the issues of teen safe driving that they face each day," stated SAVE's executive director, Carleen Wray.

"By empowering teens to become smart driving activists in their schools and communities, we hope to reverse the staggering statistics," said Bill Mellander, Allstate Corporate Relations Manager in California. "Through The Allstate Foundation, we seek to develop innovative, teen-focused approaches to raise awareness of the issue and, ultimately, to help save lives and reduce injuries."

Previous assistance from The Allstate Foundation has benefited SAVE schools in North Carolina, South Carolina, New Jersey, Pennsylvania, Indiana, Illinois, Nevada, Michigan, Minnesota, Texas, Oklahoma, Utah, Wisconsin, California, Colorado, and Ohio.

About the National Association of Students Against Violence Everywhere: SAVE started at West Charlotte High School in Charlotte, N.C. in 1989 following the tragic death of a student who was trying to break up a fight at an off-campus party. Students met first to console each other, then as an organization to promote violence prevention and to work together to prevent future incidents from occurring. SAVE provides education about the effects and consequences of violence and helps provide safe activities for students, parents and communities.
