The National Youth Advisory Board

The Youth Advisory Board was created by the National Association of Students Against Violence Everywhere (SAVE) to represent the ideals, principles, mission and vision of SAVE. They serve as a voice for SAVE and as national role models for peers and younger students. YABers are required to participate in a youth leadership institute, attend planning retreats and plan the National Summit. They create curriculum and materials relating to violence prevention. Board members present at national conferences across the country and plan and conduct local events.

Students from across the United States join together and have one common goal: to decrease the potential of violence in their schools and communities. YABers consider themselves the voice of their peers and are approached by various adult committees for opinions, youth programs and youth activities. They have become "a voice that matters" to adult leadership groups by providing a youthful perspective on current and new initiatives.

Our Purpose Is To...

- ◆ Decrease the potential for violence in schools and communities by promoting student involvement in efforts to provide safer environments for learning.
- ◆ Promote and actively engage in crime prevention activities.
- ◆ Solve conflicts nonviolently and teach peer mediation and conflict management.
- ◆ Encourage and participate in local and national service projects.
